

Our mission is to make the internet **a great and safe place for children.**

As part of our Education Team's online safety programme, Childnet runs school Activity Days for all year groups. In addition to this we are also able to offer presentations for parents, carers and school staff. Our primary sessions discuss the many positives of the internet and look at the most popular sites and services being used by children today. Online safety issues are explored through the use of story telling, discussion, cartoon video clips and scenarios.

These sessions are an invaluable accompaniment to our resources and lesson plans available on www.childnet.com/resources
