

Our mission is to make the internet **a great and safe place for young people**. As part of our Education Team's internet safety programme, Childnet runs school Activity Days for secondary schools. In addition to this we are also able to offer presentations for parents, carers and school staff. Our sessions discuss the many positives of the internet and look at the most popular sites and services being used by young people today. Internet safety issues such as cyberbullying, social networking, grooming and sexting are explored through discussion, video clips and interactive examples.

These sessions are an invaluable accompaniment to our resources and lesson plans available on www.childnet.com/resources

Key Stage 3:

MANAGING YOUR DIGITAL FOOTPRINTS

One hour sessions exploring online behaviour and the importance of making positive choices online.

Key Stages 4 & 5:

MANAGING YOUR ONLINE REPUTATION

One hour sessions focussing on the impact a young person's online reputation can have on further education and future careers.
