

SUPPORTING YOUNG PEOPLE ONLINE

Our parents' seminar consists of a presentation entitled '**Supporting Young People Online**'. The Childnet team aim to equip parents with the **knowledge** on how to protect their children online and empower them with **practical advice** to implement in their children's online lives.

These sessions are an excellent way of sharing online safety messages with your parent community to encourage young people's positive internet use both in and out of school.

Standard:

1 hour

An overview of the positive, inspiring ways that children can discover, connect and create online, combined with identification of potential risks faced by the internet user. We offer simple and thorough strategies to help model and reinforce online safety.

Interactive:

1.5 hours

A Standard presentation combined with interactive offline activities that explore behaviour on Social Networking Sites and include discussion on a range of scenarios that children may encounter online and the advice that can be given.

Feedback from our sessions:

Great delivery of presentation, friendly and thought provoking.

The most reassuring aspect was to get a feel for the content being given to children...

A good intro to a BIG subject...

Excellent presentation skills . I was impressed! It was a great and interesting way to inform and advise us parents. Thank you, much appreciated.

Please note:

- Our prices include fifty sets of resources for parents and more can be provided for larger audiences at minimal cost if required.
- VAT, expenses and travel costs are **not included** in our prices.
- All sessions must finish by **8pm**.

Should you wish to book a session or have an enquiry, please email education@childnet.com or call **020 7639 6967**.

*Childnet does not want to inhibit the safety messages reaching as many people as possible.
If you would like to run an activity day but the school has limited resources or budget, please contact education@childnet.com.
